🎓 Education

2023–2026 **Long-cycle Master's Degree in Law**, War Studies University, Warsaw

- **Individually Accelerated Degree Pathway:** Officially condensing a two-year academic workload into a single year. Due to curriculum alignment, this involves concurrently completing advanced modules spanning the 3rd, 4th, and 5th years of the degree program (GPA: 4.9+).
- **Minister of National Defence Scholarship (2025/2026):** Highest national academic achievement award, granted to a maximum of 12 recipients in Poland.
- **Tadeusz Kutrzeba Commemorative Medal (2026):** Awarded in recognition of exceptional research accomplishments and academic excellence.
- **Individual Academic Mentoring Model:** Specialized academic development conducted in New Tech Law, EU Law, and Cybersecurity.
- **Rector's Scholarship** for outstanding academic performance (2024/2025, 2025/2026).
- **Dean's Distinction** for outstanding academic results and GPA (2024/2025, 2025/2026).

2019–2023 **Władysław IV 8th High School**, Warsaw

Profile: Mathematics–History–Civics

📖 Academic Service & Peer Review

07.2026–present **Invited Peer Reviewer**, *Journal of Cybersecurity* (Oxford University Press)

Providing evaluations of manuscripts at the intersection of EU technology law, information security governance, and cryptographic policy.

📄 Scientific Publications & Major Academic Accomplishments

Note: All evidence, preprints, and certificates are provided in the attached Academic Portfolio.

Springer LNCS
Contribution: 50%
Corresponding Author Badźmirowska-Masłowska K., **Wilkołaski W.**, *Quantum Cybercrime: Challenges in the Age of Advancing Quantum Computing Across the European Union, United States of America, and People's Republic of China*, **Science of Cyber Security, Lecture Notes in Computer Science (LNCS)**, Springer Nature [**Double-Blind Peer-Reviewed**], https://link.springer.com/chapter/10.1007/978-981-95-4677-0_19.

TPRC54 Washington
Main Track **Wilkołaski W. (Presenting Author)**, Badźmirowska-Masłowska K., *Quantum Cyberspace Bifurcation. A Comparative Analysis of Regulatory Approaches to Quantum Technologies*, **TPRC54: Research Conference on Communication, Information and Internet Policy** (Sept 2026) – Paper Preprint (approx. 40–50 pages) expected 1st August [**Double-Blind Peer-Reviewed: Extended Abstract Acceptance**].

- IFIP SC 2026 **Wilkołaski W.**, *Reconstructing Liability in Distributed Architectures: The Revised Product Liability Directive vs. Federated Machine Learning*, **International Federation of Information Processing Summer School**, KU Leuven (Aug 2026) [**Double-Blind Peer-Reviewed: Accepted**].
- Polish Academy of Sciences **Wilkołaski W.**, *Redefining Seaworthiness: How Cyber Threats and Space Assets are Rewriting Maritime Law*, **Per Mare Ad Astra: Space Technology, Governance and Law**, Vol. IV, Polish Academy of Sciences (Pub. expected 2026) [**Invited Paper, Peer-Reviewed**].
- EUROCRIM 2026 **Badźmirowska-Masłowska K., Wilkołaski W.**, *The UN Convention Against Cybercrime: The Legal Challenges and Dilemmas* (Sept 2026) [**Double-Blind Peer-Reviewed**].
- TechReg Special Issue **Wilkołaski W.**, *The “Quantum Paradox” and “Liability Based on Deterministic Risk”: Examining Data Breach Liability, Duty of Care, and Retroactivity in the European Union, United States of America, and People’s Republic of China*, **Tilting Perspectives Conference 2026**, Tilburg University (June 2026) [**Double-Blind Peer-Reviewed: Strong Accept, Full Paper sent for Publication in Technology and Regulation (TechReg) Special Issue**], https://papers.ssrn.com/sol3/papers.cfm?abstract_id=6875399.
- Cybersecurity & Law **Wilkołaski W.**, *Legal Lacunae – Modern Cyber Threats Targeting International Aviation Beyond the Scope of the Beijing Convention*, *Cybersecurity and Law Journal* (2026) [**Double-Blind Peer-Reviewed – Accepted Without Changes**].
- SciSec 2025 **Wilkołaski W. (Presenting Author)** – Delivery of a paper titled “*Quantum Cybercrime: Challenges in the Age of Advancing Quantum Computing Across the European Union, United States of America, and People’s Republic of China*” at the National Cybersecurity Talent and Innovation Base (Wuhan University School of Cyber Science and Engineering), Wuhan (Aug 2025).

Research Activity (Works in Preparation / Awaiting Verdict)

- Anti-Cheat Intrusiveness Research on the **legal aspects of surveillance systems and privacy in the Big Tech and gaming sectors** (comprehensive analysis based on GDPR, DSA, and PLD frameworks).

Professional Experience

- 09.2024–present **V-CEO & Co-Founder**, “*SAVE THE CLICK*” Foundation, Warsaw
- Strategic leadership of the Management Board and official representation of the organization before public and private entities.
 - Drafting foundational legal acts and corporate governance frameworks constituting the operational basis of the legal entity.
 - Establishing organizational development strategy regarding digital rights education, privacy policy, and data security.
 - Conducting competitive positioning and market presence analyses relative to peer non-governmental organizations.
 - Institutional stakeholder engagement, network expansion, and public representation through high-level presentations.

- 07.2025–08.2025 **Legislative Intern**, *Government Legislation Centre (RCL)*, Warsaw
- Analyzed draft statutory acts for compliance with the Principles of Legislative Technique and the Constitution of the Republic of Poland.
 - Primary legislative work on flagship projects: **Act on the National Cybersecurity System (KSC – UC32)** and **Artificial Intelligence Systems Act (AI Act – UC71)**.
 - Drafted formal legal opinions, regulatory positions, and advisory documents within the legislative workflow.
 - Conducted Regulatory Impact Assessments (RIA) and evaluated legislative compliance with European Union law.
 - Participated in specialized legal committees and inter-ministerial meetings with Ministry of Digital Affairs representatives.
 - Formulated legislative amendments concerning the mObywatel ecosystem and electronic service complaint mechanisms (Electronic Communications Law).
 - **Completed with official evaluation: “Excellent”.**
- 06.2024–08.2024 **Junior Legal & Formal Specialist**, *DeltaCom Service sp. z o.o.*, Warsaw
- Drafted procedural legal instruments and evaluated real estate access agreements for telecommunications infrastructure.
 - Verified the legal status of real estate titles in land and mortgage registers regarding telecommunication utility easements.
 - Conducted contract audit compliance in cooperation with national telecommunications operators (Orange Poland, Play).

Legislative Proposals & Awards

- KSC Statutory Reform Author of original statutory amendments for the UC32 draft: recalibrating rigid financial sanction ceilings (100M PLN), eliminating regulatory gold-plating, and introducing missing statutory definitions.
- Global Legal Hackathon Global Legal Hackathon 2025: Mentors’ Distinction Award for the “Safe Inheritance” platform (AI implementation in algorithmic succession law – Team Project).

Specialized Professional Certifications

- IBM Cybersecurity **IBM Cybersecurity Analyst Professional Certificate** (2024): Cyber Attacks & Defense Tools, System Architecture, Compliance Frameworks, Network Security, PenTesting, Incident Response, Digital Forensics.
- CISO Management **Managing Cybersecurity Specialization** (Kennesaw State University): GRC Architecture, Incident & Disaster Recovery Management, CISO Leadership Path.
- Advanced NetSec **Advanced Network Security** (LearnQuest): Next-Generation Firewalls, Cloud & Hybrid Networks, Threat Hunting.
- EU Law **European Business Law: Understanding The Fundamentals** (Lund University).

Academic Conferences & Presentations (Active Speaker)

- June 2026 **9th Biennial Tilting Perspectives 2026 Conference** (Tilburg University, Netherlands) – *The “Quantum Paradox” and “Liability Based on Deterministic Risk”: Examining the Liability for Data Breach, Duty of Care, and Retroactivity in European Union, United States, and PRC Frameworks.*

- August 2025 **7th International Conference on Science of Cyber Security (SciSec 2025)** – Keynote paper delivery at the National Cybersecurity Talent and Innovation Base (Wuhan, PRC).
- 2025 **The European Union in the Face of Armed Conflicts** (Cardinal Stefan Wyszyński University) – *Cybersecurity of the European Union in the Face of Hybrid Warfare: Lessons from the Ukrainian Conflict*.
- 2025 **International Conference: “AI Frontiers in Cybersecurity and Infrastructure Protection”** – Presentation titled “*Towards Quantum-Resilient Systems: Introducing the AI-Enhanced Cryptographic Agility Framework (AI-ECAF), Empowered by Post-Quantum Cryptography*”.
- 2025 **1st Young Scientists Forum** – Speech titled “*The Post-Quantum Era and the Direction of Future Legal Regulations*”.
- 2025 **Conference “Information as an Object of Legal Regulation”** – Paper titled “*The Use of Encryption Methods and Algorithms in Light of Multi-level EU Regulations and Administrative Law: Between Privacy Protection and State Security*”.
- 2025 **Prus Moot 2025 Conference** – Lecture titled “*Cybersecurity and Cybercrime Regulations in International, Supranational, Regional, and Domestic Legal Systems*”.
- 2025 **Conference “Climate Refugees and Virtual States: The Right to Exist of ‘Sinking States’ in the Era of Digital Colonialism”** – Active panel presentation at the University of Warsaw.
- 2025, 2026 **Festival of Science** – Lectures titled “*Cybersecurity and Cybercrime in Practice: Regulatory Principles and Combating Cybercrime in Poland and the EU*”.

Skills, Languages & Technical Expertise

Methodology	Functional comparative methodology, predictive policy modeling / stress testing, Legal Research, Socio-Legal Analysis, Regulatory Impact Assessment (RIA).
Languages	English: C1/C2 Professional Academic & Legal English (CAE Certificate, contract analysis, legal drafting, international public speaking); French: Intermediate (DELF Certificate); German: Intermediate.
Gaming Governance	In-depth operational and regulatory analysis of gaming ecosystems: kernel-level anti-cheat telemetry, user privacy limits, digital platform Terms of Service (ToS) enforcement, and e-sports legal frameworks.
Technical Tools	Advanced case law and statutory analysis (LEX, Legalis), proficiency in document typesetting (L ^A T _E X); applied cryptography frameworks, international standardization frameworks (ISO 27000 Series, NIST IR/SP800/FIPS, TC260 GB/T, GM/T, MLPS), Operating System Modding.
Legal Jurisdictions	European Union Tech Law, People’s Republic of China Tech & Cybersecurity Law, Comparative legal analysis of EU, US, and PRC legal systems.
Other Licenses	Category B Driver’s License, Motorboat Helmsman Certificate, Windsurfing, Boxing.

🎮 E-sports Technical Background & Empirical Foundation

2019–present **Former Professional E-sports Athlete, Fortnite / Precision Aim Specialist**

➤ **Global & European Competitive Benchmarks:**

- **Top 10 EU** (2v2 Realistic, Rematch.gg) – Co-achieved the highest rank (*Grandmaster*) in Poland; secured victories against current top 3 global competitors.
- **Top 70 EU / Top 187 Global** in Official Fortnite Ranked Mode; multiple Top 100 finishes in official Epic Games tournaments.
- **Top 2 Global** (Pandvil Boxes, 2026); **Top 3 Global** (Nova.gg Ranked, 2024); **Top 11 EU / Top 60 Global** TRN Overall Ranking.

➤ **Technical Benchmarks & Analytical Metrics:**

- **3x World Record Holder** on Candook & Raider464 mechanics/editing training protocols; national speed record holder across competitive mechanics maps in Poland.
- **Top 19 / Top 29 / Top 40 / Top 50 Global** in 3DAimTrainer Official Ranked (2023, 2025); multiple #1 Global daily performance ranks.
- **Undefeated competitive record** in domestic professional mechanics tournaments (2019–present).
- **Professional Rosters:** Former official signed player for **Impave Gaming** (formerly *VISION*), **ZGR E-sports**, **Hater E-Sports**, **Aystic**, and **GFL**.
- **Academic Relevance:** Provides a unique empirical and operational foundation for research in Gaming Ecosystem Governance, Kernel-Level Anti-Cheat Intrusiveness, Telemetry Surveillance, and Platform Rights Management.
